- It is strongly encouraged that students bring their own personally owned laptops or Chromebooks.
- School-owned technology will be available for students who do not have their own, however, they will be assigned to that particular student for the year & the device **cannot** leave school property.
- There will be **a limited number** of school Chromebooks available, so they may not have consistent access.

Please Note:

- Consumable supplies (ex. Pencils, pens, paper, glue sticks, etc.) may need to be replenished on an ongoing basis based on your child's use.
There will not be communal supplies available at the school.

Thank you for your help in setting your child up for a successful school year!
